著者:Julian Le Grand

出版者:Routledge

出版时间:1991-12-5

装帧:Paperback

isbn:9780043500668

Offering a new answer to an age-old problem: the meaning of a just or equitable distribution of resources, Julian Le Grand examines the principal interpretations of equity used by economists and political philosophers. He argues that none captures the essence of the term as well as an alternative conception relating equity to the existence or otherwise of individual choice. Le Grand shows that this conception is not only philosophically well-grounded but is also directly relevant to key areas of distributional policy. His theoretical argument is complemented by detailed discussion of the application of the central idea to specific areas of policy, including the distribution of health and health care, central government grants to local governments and the measurement of income for tax purposes. *Equity and Choice* is written by an economist, but is intended for political philosophers and social policy analysts as well as economists. Hence the key chapters are written in a non-technical fashion, with specialized material relegated to appendices. This book is a unique combination of philosophical, economic and policy analysis and represents a major contribution in all three areas.

评论

2011-12-21读毕，这是读的Le Grand的第二书，他对公平的理解和解释值得学习，尤其是将公平和人的能力相结合，out of control的因素会导致不公平，然后结合不同的例子显示不可控约束条件对公平的影响。这本书还介绍了研究公平的三种方法：案例直觉法、基于罗尔斯社会契约的公平机制

、对人的有关公平的价值和信仰进行调查
