Turn to the Investing Bible for expert advice on how to make the wisest investment options based on your overall financial picture and financial goals. This comprehensive book teaches you how to make good decisions regarding real estate, bonds and securities, taxes, mortgages, and do's and don'ts for the current stock

market. Coverage includes up-to-date information on the hottest online investing resources that you can use to maximize investment convenience and success tips on how to become a more disciplined and intelligent investor. You'll get the ABC's of stock picking -- the New York Stock Exchange, American Stock Exchange, and NASDAQ -- all fully explained. This book brings you everything you need to know about starting your own investment club, deciding on a financial planner or broker, guidelines for protecting your assets, the pros and cons of debt consolidation, and more.
