Each chapter is like a mini-workshop in each skill set, featuring learner-friendly objectives, self-assessment tools, case studies, real-world individual and small-group exercises, and review questions. As a health care supervisor, you can improve your own leadership skills or mold exceptional leader-managers among your staff using this highly practical guide in workshops and continuing education seminars. Undergraduate and graduate students in health and nursing administration can learn essential skills that have been glaringly absent from curricula. Get Becoming an Effective Health Care Manager and help yourself or your students along the journey of becoming and then being an effective leader.
