"If you are really serious about starting your own business... this book should be your bible..." -Larry Bakken, Professor of Law and Management, Hamline University It takes more than a good idea... The Entrepreneur's Legal Guide is designed to give you a

major advantage over others who use the cookie-cutter approach to get started. It offers questions to ask about your unique situation and provides the guidance to devise your own answers. Inside you will find: Networking Tip boxes that identify situations when the help of others may be beneficial. Legal Alert boxes warn when compliance with regulations is necessary. It provides information to build a framework on which a new business can succeed. It guides you through the steps necessary to plan a new venture, get it financed, find the right location and price your goods to sell. It also takes you past start-up and prepares you for the future with instruction on hiring employees, protecting your assets and planning your time for maximum economic benefit. If you are starting your own business, The Entrepreneur's Legal Guide provides you with all the legal and practical information you need. Learn how to create a...- Plan of Organization- Marketing Plan- Budget Understand the importance of...- Time Management- Proper Record Keeping- Regulatory Issues Become better at...- Networking- Negotiating Contracts- Collecting Accounts This easy-to-use resource has the answers to all the questions you have about what equipment you will need, what tax forms you must file, where to get your financing, what regulations you need to follow...plus much, much more.
