装帧:Paperback

isbn:9780415199308

This text is widely acknowledged to be the best available introduction to the study of the international economy as a mechanism for diffusing modern economic growth

between nations. Updating the story to the present day, this edition covers the latest developments in international economics. Significant new additions include: \* globalization and the world economy \* the growth of regional trading blocs \* globalization and financial crisis in Asia \* transition to the market in post-communist economies Packed with new references and data, The Growth of the International Economy is an indispensable guide to the world economy as it enters the new millennium.
