isbn:9780387989648

Designed for all those who deal with scientific and technical writing by others in universities, government labs, businesses, or engineering firms, this book helps readers become more effective and more efficient at editing the proposals, theses, journal articles, and reports that cross their desks and which need approving, grading, or reviewing. Written by the author of the best-selling "Craft of Scientific Writing", the guide deals with the subject in a refreshing way and includes a large number of enlightening examples and stories.
