著者:Caforio, Giuseppe 编

出版者:Springer

出版时间:2006-4-13

装帧:Paperback

isbn:9780387324562

This accessible handbook is the first of its kind to examine the sociological approach

to the study of the military. The contents are compiled from the work of researchers at universities around the world, as well as military officers devoted to the sector of study. Beginning with a review of studies prior to contemporary research, the book provides a comprehensive survey of the topic. The scope of coverage extends to civic-military relations, including issues surrounding democratic control of the armed forces; military culture; professional training; conditions and problems of minorities in the armed forces; an examination of structural change within the military over the years including new duties and functions following the Cold War.
