Facilitators are being called upon to work in international and cross-cultural arenas more than ever before to help groups co-ordinate plans for governance, education and community development. There are also increasingly frequent cases of pandemics that require facilitating multicultural groups such as the Tsunami and HIV/Aids disaster relief. "Facilitating Multicultural Groups" provides a practical approach for facilitators needing to enhance their skills when working with people from a diverse range of multicultural backgrounds. Based on research and facilitator experiences it takes the facilitator step-by-step through ideas, processes, models and frameworks that are designed to assist with the preparation, facilitation and evaluation of workshops. It advises how to adapt learning materials to suit specific situations and offers techniques to deal with conflict. Complete with additional resources available on a dedicated website including: cultural value cards pack; cultural behaviors card pack; medical insurance advice; glossary of key terms; useful networks; and, country by country background information, this is essential reading for anyone facilitating multicultural groups.
