The bestselling coauthor of "Investing in Real Estate" reveals the secrets behind one of the hottest investment strategies available - foreclosed real estate. REO (or bank-owned) foreclosures offer incredible profits - but you might be fearful of buying bad properties, or getting into bidding wars with other prospective buyers. This insider's guide to buying and selling foreclosed property shows how to reduce the risk, find top properties, and rake in the profits. It's an all-in-one handbook packed with professional secrets, such as where to find the best deals, when to make the smartest offer, and how to resell at the maximum price. Even in a fluctuating market, it's one investment that really pays off.
