isbn:9780131015043

For undergraduate or MBA courses in Supply Chain Management.

This text takes a strategic, managerial, and cross-functional view of supply chain

management, enabling managers to participate in the vision and implementation of world-class supplychain networks. To achieve this, the book introduces a Supply Chain Roadmap process model as a guiding framework for designing and implementing integrated supply chains. Students gain the knowledge and analytical tools to perform analysis and act as change agents within their organizations.
