出版时间:2002-9

装帧:HRD

isbn:9781931282116

This is an invaluable contribution to helping typically developing children understand that a child with autism is a child first, and is someone interesting to know. Sarah gives insight into the sibling relationship in a way only a child can do it. Through her simple depictions of her brother Evan's everyday behavior, Sarah encourages others to approach autism without fear or pity. The effects of her book will live long beyond the last pages, as Sarah invites her young readers to share ideas for how to live with siblings or classmates who have autism spectrum disorders. The book is heart-warming and introspective and the writing style makes it appropriate for children and adults alike.
