As seen on 60 Minutes . Until Christmas Eve 1991, Mel White was regarded by the leaders of the religious right as one of their most talented and productive supporters. He penned speeches for Ollie North, was a ghostwriter for Jerry Falwell, worked with Jim Bakker. What they didn't know is that Mel White--evangelical minister, committed Christian, family man--is gay. In this book, White details his twenty-five years of being counseled, exorcised, electric-shocked, prayed for, and nearly driven to suicide because his church said homosexuality was wrong. His salvation--to be openly gay and Christian--is much more than a unique coming-out story. "Fascinating... harrowing... a remarkable and important story." -- Dallas Morning News
