著者:Worthen, Molly

出版者:Houghton Mifflin

出版时间:2007-7

装帧:Pap

isbn:9780618872671

Psychologically astute and passionately written, Molly Worthens remarkable debut charts the intricate relationship between student and teacher, biographer and subject. As a Yale freshman, Worthen found herself deeply fascinated by worldly-wise professor Charles Hill, a former diplomat who had shaped American foreign policy in his forty-year career as an adviser to Henry Kissinger, George Shultz, and Boutros Boutros-Ghali, among others. Hill was never afraid to tell students how to think or what to do, and the Grand Strategy seminar he co-taught had developed a cult following. The Man on Whom Nothing Was Lost is at once the biography of a political insider and the story of how its author evolved as she wrote it. In a moving, highly original work, Worthen conveys the joy and the heartache of uncovering the human being behind ones idol.
