When London-based single mother Jane Shilling finds herself with a couple of weeks unexpectedly free and no chance of going away, she decides to pursue a childhood ambition and learn to ride. So began her odd, late-blooming affair with foxhunting: a passion that was to take her back to the scenes of her childhood and transform her life in ways that were unexpected, often enchanting, and frequently uncomfortable. *The Fox in the Cupboard* is the vivid account of the hidden, beautiful, and frequently comic world of horses and hunting, and the extraordinary characters the author met along the way. It is a book about searching for the place where you belong and about embarking on an adventure at the very point in your life when you thought it was too late.
