

The Complete Idiot's Guide to Project Management, 4th Edition

[The Complete Idiot's Guide to Project Management, 4th Edition_ 下载链接1](#)

著者:Campbell, G. Michael/ Baker, Sunny

出版者:Alpha Books

出版时间:2007-2

装帧:Pap

isbn:9781592575985

Managers will no longer dread the word "project." Fully updated and revised, this guide covers the tools and processes of project management, complying with the standards of the Project Management Institute (PMI) and The Project Management Book of Knowledge (PMBOK). Packed with examples, case studies, and expert opinions, this book includes essential information on implementation strategies, setting up schedules, troubleshooting, and more. --Perfect for the new project manager—or the re-learner

--New, updated information on software, PMBOK facts, the PMP exam, and integration management
