Internal Auditing is an essential tool for managing compliance with health and safety, environmental safety and quality standards. Increasingly these three areas are audited

by the same professionals to proliferating standards (e.g. OHSAS 18001 for health and safety, ISO 9001 for quality, ISO 14001 for environment). This book delivers a powerful and proven approach to auditing business-critical risk areas. It covers each of the aspects that need to be taken into account for a successful audit to recognised standards and is an important resource for auditors, managers, health and safety professionals, and anyone with a critical interest in governance and organizational improvement.

Stephen Asbury is Managing Director of Corporate Risk Systems Limited, providing risk management consultancy, training and software. He is a Member of the Council of IOSH and Chair of the IOSH Professional Committee. Stephen has over 20 years' experience as a health, safety and environment practitioner, and a regular contributor to conferences, journals and other publications.

Peter Ashwell is Managing Director of Kingdom Management Limited, an Internal Audit training consultancy which has been servicing multinational clients worldwide for the last 16 years. He is a Chartered Accountant, a Fellow of the Chartered Institute of Personnel and Development and a Fellow of the Institute of Leadership and Management with over 30 years experience in business.

- * Shows practitioners how to carry out internal audits to the key health and safety, environment and quality standards
- * Risk based approach ensures that business critical factors are properly managed and controlled, giving maximum assurance to management
- * Includes checklists, forms and toolkits - also available as free downloads from companion website

评论

详尽且平易近人的指导手册，尤其适合刚进入QHSE审核或咨询行业的入门者，其中的提醒，注意事项，甚至用于缓和气氛打发喝咖啡时间的段子都十分实用。对于目前作为初级consultant的我来说，里面无论是技术层面的阐述，还是涉及人际交往的理念，都

很有启发意义。(2014年已出第二版)
