"Steve Gresham showed us in The Managed Account Handbook that the basics to a successful advisor do not differ from one country to another. In this book, he is expanding his horizon with his extensive experiences to further help you to develop the skills for building a devoted client base. This is the must-read book for all who want to succeed in the financial advisory industry."

"For thirty years, advisors have been using wealth accumulation as their main sales weapon. With the boomers entering retirement, all that's out the window. Now the imperatives are income distribution, planning--making sure the investor does not run out of money. In Steve's newest book, he does an excellent job of walking advisors through this change and showing them how to alter their practices to not only survive but thrive. This is a must-read for any advisor who still wants to be in the business in ten years."
