Workplace teams learn to function as effective units when they have the tools and techniques to be greater than the sum of their parts. Now thoroughly updated and expanded, "The Team-Building Tool Kit" provides practical advice to guide team coaches, leaders, and members to high-performance results. Filled with bullet points to make tips and strategies quick and easy to grasp, the book covers both the structure and nitty-gritty process details that so often derail even the best teams. Featuring new sections on team accountability, decision making, and problem solving, this team-building classic is a must-have for every team library.
