According to Jose Stevens and Lena Stevens, business leaders and shamans share many important traits: the ability to solve problems, achieve goals, see the big picture, and forecast events. What their previous book, *Secrets of Shamanism*, did for the growth of the individual, *The Power Path* does for the growth of business managers and entrepreneurs. Based on years of study with shamans, the book shares a new way of thinking about the nature of power. By applying shamanic traditions of power to the workplace, readers learn how to improve work relationships, understand employees' strengths and limitations, and inspire effective teamwork — techniques aimed ultimately at increasing business success.
