isbn:9780674010079

"Globalization" is here. Signified by an increasingly close economic interconnection that has led to profound political and social change around the world, the process seems irreversible. In this book, however, Harold James provides a sobering historical perspective, exploring the circumstances in which the globally integrated world of an earlier era broke down under the pressure of unexpected events. James examines one of the great historical nightmares of the 20th century: the collapse of globalism in the Great Depression. Analyzing this collapse in terms of three main components of global economics - capital flows, trade, and international migration - James argues that it was not simply a consequence of the strains of World War I, but resulted from the interplay of resentments against all these elements of mobility, as well as from the policies and institutions designed to assuage the threats of globalism. Could it happen again? There are significant parallels today: highly integrated systems are inherently vulnerable to collapse, and world financial markets are vulnerable and unstable. While James does not foresee another Great Depression, his book provides a cautionary tale in which institutions meant to save the world from the consequences of globalization ended by destroying both prosperity and peace.

书评

即使Harold James不是标题党，他写这本《全球化的终结》的雄心也是昭然。
我们对全球化了解有多多，又有多少呢？
历史学家就有这个本事，将经济学、国际移民和民族主义等合写成一本书（每个主题够
写10本专著）！用梁文道的话来说，就是要给你一个超宽、超广的视角。这...
