In this third installment in the popular Fish! series, the authors examine change as a necessary, ongoing process that should never stop--at least not if one wants to keep the workplace vital and fully alive. Using a fictitious sushi restaurant as an example, this fable examines the three principles that Lundin, Christensen, and Paul believe are necessary for continuing success: Find It ("it" being each employee's personal vision of the business), Live It, and Coach It. Readers of the authors' previous books--Fish! A Remarkable Way to Boost Morale and Improve Results and Fish! Tales--should find its familiarity comforting. For those new to the series, this standalone volume is easy to read and highly valuable. --David Bombeck
