The Latin American Development Forum promotes debate and disseminates knowledge and analysis on economic and social development issues in Latin America and the Caribbean. The Institutional Sponsors of this series are the World Bank, United Nations Economic Commission for Latin America and the Caribbean (ECLAC), and Inter-American Development Bank (IADB). The transition economies of the Europe and Central Asia Region faced unprecedented political, economic, and social change after the break-up of the Soviet Union. With assistance from the World Bank and other donors, many countries quickly accomplished a number of reforms, but progress in others has been slower. Much has been achieved--"the private share of GDP in the transition countries is nearly 70 percent, and 8 countries have joined the EU--"but much remains to be completed.
