Target Market: MBA or Undergraduate Corporate Finance Courses or Financial Management Emery, Finnelly, Stowe is the only corporate finance text to bridge the gap

between theory and practice with a unique pedagogical framework, and the expertise of a researcher, practitioner, and teacher. Instructors and professors agree that bringing real word examples into the corp. fin course is paramount, but doing this in a way that harnesses the theory is tough. E/F/S connects the theory with practice like no other text, not only due to the fact that each author brings a special expertise to the table, but through the 12 principles that tie the texts concepts together.
