The idea behind this book is simple. You can get alnyou want--provided you know what you're doing. Of course, a great deal depends on luck, educatground, and circumstances beyond your control. But adepends on you. On how well you write your resume,letters. On how effectively you sell yourself in an intervi~well you research job opportunities. These are the thircontrol. This book takes all of these factors in your controevery aspect of your job hunt from start to finish, and tecan do them effectively, quickly, and better than before. It is based on years of job hunting experience, thinterviews, and hours of listening. This book is very con--it not only lays out the basics, itniques that make a difference.
