As a single woman acquires a series of unusual pets, she finds that her boyfriends bear an uncanny resemblance to the animals, despite the fact that her love for each man inevitably fades while her love of animals deepens. 40,000 first printing.

作者介绍:

Rachel Toor has been the adoring companion of a pet mouse, rat, ass, and pot-bellied pig (among other more "conventional" animals, like a dog and a cat). She received her BA from Yale and spent the following ten-plus years climbing the editorial ladder within the publishing industry, after which she became an admissions counselor at Duke University.

这本书很有趣地将人与动物的关系和两性关系相交叉，体现了人与动物的相似和不同。作为一个喜欢动物的人，和一个对人与人关系感兴趣的人，我还是很喜欢这本书的。虽然不一定里面的观点都正确，但是它还是有启发性的，又很有趣，还有各样的动物。
