Zelda Sayre began as a Southern beauty, became an international wonder, and died by fire in a madhouse. With her husband, F. Scott Fitzgerald, she moved in a golden aura of excitement, romance, and promise. The epitome of the Jazz Age, together they rode the crest of the era: to its collapse and their own. From years of exhaustive research, Nancy Milford brings alive the tormented, elusive personality of Zelda and clarifies as never before her relationship with` Scott Fitzgerald. Zelda traces the inner disintegration of a gifted, despairing woman, torn by the clash between her husband's career and her own talent.
