Whether it's for Halloween, a party or just for fun, kids can transform themselves into Dr. Frankenstein's monster or a fanciful fairy -- it's easy and safe with face paints and a few simple accessories in this book in the Kids Can Do It series. Step-by-step instructions, clear illustrations and imaginative tips show kids how to be a fearless pirate, a beautiful butterfly, a daffy Dalmatian, a roaring lion, a scary skeleton, a wacky alien... and more.
