This unique "autobiography" of John Muir is told in his own words, brimming with his spirit and his adventures. The text was selected and retold by naturalist Joseph Cornell, author of *Sharing Nature with Children*, who is well loved for his ability to help others experience the joyous quality of nature. The result is a book with an aliveness, a presence of goodness, adventure, enthusiasm, and sensitive love of each animal and plant that will give young adults an experience of a true hero unlike any found today.
