This popular series opens the door to the thoughts and feelings of famous and not-so-famous young people throughout history. Each book features actual childhood

diary excerpts, historical photographs, and more. Time lines, maps, and sidebars support the text to further the reader's understanding of the subject and provide first-person perspectives of historical times and major events. Hands-on activities, crafts, games, and recipes from the period offer a step back in time that is fun and informative. This series explores and supports the standards under "The History of the United States: Democratic Principles and Values and People from Many Cultures Who Contributed to Its Cultural, Economic, and Political Heritage," as required by the National Standards for History.
