The female body is one of the most popular artistic subjects. And in this book, drawing

expert Russell Iredell teaches you how to approach drawing the female figure in pencil, with tips on adding touches with charcoal and pastel. In "Female Figures," you'll learn how to take into account proportion, perspective, and shading as you learn to draw the female form in various poses. In addition to the basics, you will learn advanced techniques, such as how to incorporate a basic knowledge of muscular and skeletal structures to make your drawings come to life. This reference is a must-have for anyone wishing to render the beautiful female form.
