The parallel-universe version of the "Dick and Jane" coloring book, Girls Will Be Boys

Will Be Girls is a comic deconstruction of traditional gender roles. This playful, provocative coloring book contains 32 original illustrations guaranteed to give even the most seasoned gender bender a good laugh. Captions like "Calvin, baking is fun and all, but we can make a rad drum set out of these pots and bowls" and "Don't let gender box you in" offer lighthearted, fun ways to rethink gender for both children and adults. Girls Will Be Boys Will Be Girls makes it OK to step outside the lines.
