

# Latin American Art in the Twentieth Century

[Latin American Art in the Twentieth Century\\_ 下载链接1](#)

著者:Edward Sullivan

出版者:Phaidon Inc Ltd

出版时间:

装帧:HRD

isbn:9780714832104

## Overview

- This is the first comprehensive and authoritative survey of an increasingly popular and important field, edited by one of its most respected scholars
- Springing from complex cultural roots, Latin American art is extraordinarily diverse and often startling in its originality

- Written by a team of experts, each of whom writes about the art of his or her own country, providing a genuinely Latin American viewpoint
- The first English-language publication to do full justice to the richness and complexity of the Latin American art traditions
