Published to accompany the third season of a groundbreaking four-year PBS series devoted to contemporary artists and their work, Art - 21 - 3 presents a behind-the-scenes look at the lives and work of sixteen artists at work today. Some are well established, others only now emerging. The artists discuss their work in their own words and in their studios. Each interview also illustrates selections from the artist's work, both in full-page images and small ones. The artists interviewed include such established figures as Laylah Ali, Ellen Gallagher, Roni Horn, Mike Kelley, Matthew Ritchie, Susan Rothenberg, Hiroshi Sugimoto, and Richard Tuttle.
