The next best thing to working with a live model, Virtual Pose[registered] 3 provides professional and student artists with an accurate and convenient method of viewing the human form - without needing access to a live model and studio sessions. Digital artist Mario Henri Chakkour has created a CD-ROM and companion book that features models in 70 high resolution poses, images which can be zoomed in on and rotated 360 degrees. Painters, sculptors and other artists will welcome the opportunity to study at length each detail and subtlety of the human form, giving them a deeper understanding of shape, form, and gesture.
