著者:Karl Alexander von Heideloff

出版者:Dover Pubns

出版时间:1995-8

装帧:Pap

isbn:9780486285788

Pictorial archive of precisely detailed engravings of architectural elements—doors, windows, moldings, statuary, decorative stonework, columns, pedestals, rosettes and more—mostly from German Gothic churches, reprinted from a rare original 19th-century German volume, with new English translations of captions.
Copyright-free.
