Chihuly: Form from Fire provides the reader with a portal into Dale Chihuly's fascinating world of art with a panoramic view of his work, including insights into how and why he has departed from conventional modes of artistic expression. Sections devoted to his nine major series feature seventy-five full-color reproductions and commentary, together with Chihuly's own statements. This intriguing compendium also includes a chronology that traces Chihuly's life and career through 1993.
