出版者:Trafalgar Square

出版时间:1995-10

装帧:Pap

isbn:9781857993639

Debauched aristocrat, cabaret painter or accidental dwarf: Julia Frey's definitive biography uses meticulous research to strip away the myth of Toulouse-Lautrec and reveal for the first time the tortured man beneath. 'The book deals seriously and sensitively with Lautrec's progress as an artist, his academic training and the audacious use he put it to. Equally, readers in search of the ooh-la-la side of Paris during the Belle Epoque won't feel short-changed. Almost everyone from Manet to the young Picasso crosses the stage. It is of course a tragic story, but a triumphant one also' George Melly, Mail on Sunday
