isbn:9781840135459

A Rembrandt picture is a live entity existing according to its own laws, reflecting the multitude of thoughts and emotions present in the painter's mind. Man and his mind--this is the fundamental problem which engages the artist his whole life long. This book covers some of Rembrandt's great works. Profusely illustrated with reproductions of the artist's numerous works, this book is a great collection for all art lovers.
