Some of the most popular art instruction books ever written have been based on student notes culled over the years from actual workshop sessions, with all their power

and immediacy - and with practical, one-to-one contact between student and teacher. This is such a book. For more than two years, Linda Cateura has pursued teacher/artist David A. Leffel, notebook in hand, as he critiqued the work of students. Linda Cateura's succinct notes capture his insights, philosophy, painting hints, and general comments.
