Fantasy continues to be hot, and it's not just for children interested in comics. Many artists love mythological creatures like mermaids, centaurs and dragons. And with *Creating Creatures of Fantasy and Imagination*, they'll learn how to make

realistic-looking fantasy artwork. With characteristic friendly instruction, the author shows ways to: Transform everyday images into imaginary creatures - such as a horse into a unicorn or a girl into a pixie - by using exaggeration and expression Enhance drawings and paintings with accessories, homes, pets and vibrant backgrounds Create these images with a wide variety of mediums, including pen and ink, watercolour and acrylic In addition, readers receive the legend behind each creature, designed to help kickstart their imaginations.
