

Ornament of the Italian Renaissance

[Ornament of the Italian Renaissance_ 下载链接1_](#)

著者:Arthur L. Blakeslee

出版者:Dover Pubns

出版时间:2007-2

装帧:Pap

isbn:9780486454535

This title features grotesques from carved panels of choir stalls, tombstone and ceiling ornaments, pierced stone balcony panels, and more. This rich collection, assembled for a rare, early-20th-century publication, is a glorious gallery of architectural accents. It is the reprint of "Ornamental Details of the Italian Renaissance", Architectural Book Publishing Co., New York, 1920.
