isbn:9780313281761

In "Ulysses S. Grant: A Bibliography," Dr. Kelsey has created an invaluable resource for Grant scholars. The bibliography consists of twenty chapters covering Grant's early life, his careers both as soldier and as president, his associations with various individuals, his post-presidency activities, the role alcohol played in his life, his battle with throat cancer, and ultimately, his tragic death. What makes this book truly special is that Kelsey cites not only the usual books and journals but also a wide variety of nontraditional materials ranging from manuscripts to musical scores. Additionally, she has created a list of cited journals with OCLC numbers, making precise identification of old and obscure journals easy for researchers. Kelsey's sources are varied and multidimensional: she includes scholarly, popular, and ephemeral works to present the fullest possible picture of the legendary president. Kelsey also lists many obscure sources on not only Grant but also his associates, including all his cabinet members. The work includes citations about Julia Dent Grant, Other Grant family members, Grant's cabinet members, John Rawlins, William Tecumseh Sherman, Ely Parker, Abraham Lincoln. Libraries of all types could benefit from including this resource in the reference collection. The text might get the most use in historical society libraries, as well as in the libraries of colleges and universities. Public libraries and private individuals interested in Grant and the Civil War would also appreciate the book's comprehensive nature.
