著者:Cline, Sally

出版者:Penguin USA

出版时间:1998-2

装帧:HRD

isbn:9780879518318

First a serious poet and novelist, then a cause celebre, Radclyffe Hall was also a sometime feminist and a Catholic convert who believed in spiritualism. Sally Cline uses new material to explore the connections between Hall's writings, life, and milieu, creating a biography that is both a signal contribution to women's studies and a marvelous read. 16 illustrations Author publicity .
