著者:McCrum, Robert

出版者:Bantam Dell Pub Group

出版时间:1999-9

装帧:Pap

isbn:9780767904001

Four years ago, Robert McCrum -- 42 years old, newly married, and at the top of Britain's publishing world -- awoke to find himself totally paralyzed on the left side. In the weeks to come, McCrum would have to face harsh realities: His life was irrevocably changed by a massive cerebral hemorrhage, and medical science could neither pinpoint the cause nor offer any guarantee of recovery. *My Year Off* poignantly traces McCrum's frustrations and inspirations as he faces an incomprehensible battle of recovery. Interspersed with excerpts from the journals he and his wife kept, and now featuring a poignant afterword on the tremendous reader response McCrum has received, *My Year Off* reflects the remarkable power of love to heal the body and soul.
