Shirley MacLaine has found a perfect love in the furry bundle of canine charms that is Terry. With her winning terrier ways and an endless wellspring of love, Terry has succeeded in doing what no one before her ever has: slowing Shirley's peripatetic travels, shifting the actress and author's global axis to hearth and home. In fact, with Terry by her side, Shirley sees the world in new ways she never thought possible. Together, they explore the nature of love and of time, having shared at least one previous life together in ancient Egypt. Together, too, they seek to understand world events. And in a unique and delightful twist, we see Terry's point of view on Shirley's domestic and inner life, as the terrier's mistress continually questions the deeper nature of reality. An utterly charming, witty, and ultimately wise memoir of a truly remarkable woman, Out on a Leash is an irresistible bonbon for Shirley MacLaine's fans and for dog lovers everywhere.
