Blackwell is proud to announce Professor Barry Marshall, along with Dr. Robin Warren, have been awarded the Nobel Prize in physiology or medicine. Providing background and the human touch of a discovery process taking almost a century, Helicobacter Pioneers is a collection of accounts from pioneering researchers of Helicobacter pylori, of who had firsthand knowledge of the pioneer. A remarkable work with original accounts that will never date, this book will inspire readers interested in gastroenterology, microbiology, or any facet of medical or scientific history.
