

Final Frontiersman

"Heimo Korth and his family face down more adventures in a typical week than most of us experience in a lifetime. A terrific first book—by turns inspiring and unnering and never less than wholly absorbing."
—Bill Bryson, BOMC judge, writing in the *Book-of-the-Month Club News*

Hundreds of hardy people have tried to carve out a living in the Alaskan bush, but few have succeeded as consistently as Heimo Korth. In *The Final Frontiersman*, Heimo's cousin James Campbell chronicles Korth's amazing life and adventures, creating a powerful, real-life epic of triumph and tragedy. Campbell spent two years witnessing firsthand the Korth family: Heimo, his wife Edna and their teenage daughters Rhonda and Krin. With impressive detail, the author recounts an everyday existence shaped by a harsh and unforgiving country. In their efforts to preserve the ecology of the land, the Korths lead a nomadic life, waiting patiently for the odd small plane to bring supplies and cultivating hard-earned hunting skills that are all that stand between them and lingering death. By turns inspiring and downright jolting, *THE FINAL FRONTIERSMAN* reads like a rustic version of the American Dream, in which the physical barriers of a stunning wilderness are no obstacle to forging a life outside of the mainstream.
