Immensely readable...A Chicano Manchild in the Promised Land." -- Publishers Weekly
Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano layer and notorious as the real-life model for Hunter S. Thompson's "Dr. Gonzo," a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. Written with uninhibited candor and manic energy, this book is Acosta's own account of coming of age as a Chicano in the psychedelic sixties, of taking on impossible cases while breaking all the rules of courtroom conduct, and of scrambling headlong in search of a personal and cultural identity. It is a landmark of contemporary Hispanic-American literature, at once ribald, surreal, and unmistakably authentic. "Acosta has entered counterculture folklore. This is the life story of a man whose pain is made real, whose roots are in question, and whose society seems to be fragmenting around him." -- Saturday Review of Literature
