This new biography, part of Longman's World Biography series, of the Chinese explorer Zheng He sheds new light on one of the most important “what if” questions of early modern history: why a technically advanced China did not follow the same path of development as the major European powers. Written by China scholar Edward L. Dreyer, Zheng He outlines what is known of the eunuch Zheng He’s life and describes and analyzes the early 15 th century voyages on the basis of the Chinese evidence. Locating the voyages firmly within the context of early Ming history, it addresses the political motives of Zheng He’s voyages and how they affected China’s exclusive

attitude to the outside world in subsequent centuries.

评论

資料翔實，但無新意。 One of my current projects

三保雄起 助我一臂之力！

最大的感想就是沒有感想.本來就對鄭和沒啥興趣,書本身就很枯燥.

教科书，比ruling the sea好读些
