An instant bestseller upon publication, *Confessions of a Video Vixen* is the page-turning memoir of Karrine Steffans: dancer, actress, and companion to many a celebrity. But more than a glimpse at what happens in the boardrooms and bedrooms of hip hop's A list, *Confessions of a Video Vixen* is also the first true account of how women are treated in the music industry, and its honest, direct revelations have generated debates and controversy across the country. By sharing her story, Steffans hopes to shed light on an otherwise romanticized industry and help young women avoid the same pitfalls she encountered--and if they're already in danger, she hopes to inspire them to find a way to pull themselves out of what she knows firsthand to be a cycle of hopelessness and despair.
